

# UNDERSTANDING WATER QUALITY ISSUES

## Education + Meaningful Participation = Community Empowerment

The **ENVIROSCHOOL** for communities training program is a series of sessions designed to educate communities and to encourage meaningful participation in the regulatory process. The Louisiana Department of Environmental Quality in partnership with the University of Louisiana Monroe Department of Toxicology will present an EnviroSchool workshop on **UNDERSTANDING WATER QUALITY ISSUES**. This workshop will provide an overview of the basics of understanding water quality and water quality protection including understanding non-point source pollution. If you would like to attend you may register for the session online at [www.deq.louisiana.gov/enviroschool](http://www.deq.louisiana.gov/enviroschool).
